### H.19 SMALL BUSINESS SIZE STATUS

Small Businesses will be required to re-certify their size status when purchased or merged with another Business. The re-certification shall be submitted once the merger/acquisition has been completed. When a previously categorized Small Business has changed its size status through purchase or affiliation with another business, Small Business preferences will no longer be available to that firm.

NOTE: Due to the “one contract per Company” policy in Seaport e, if the acquiring company also has a Seaport e Prime Contract, one of the Contracts will need to be cancelled/deactivated.

In conjunction with Rolling Admission opportunities addressed in H.8, SeaPort-e prime contractors will have the opportunity to voluntarily re-submit representations and certifications with regard to business size and status to reflect changes that have occurred since their last submission. Examples of circumstances where this might occur include, but are not limited to, a Small Disadvantaged Business receiving 8(a) Program certification; a Small Business receiving HUBZone Certification; a Veteran-owned small business becoming a Service-Disabled Veteran-Owned Small Business; or, a business previously represented as large now meeting the revenue size standard for NAICS 541330 (38.5 million dollars in average annual sales over the past three (3) completed accounting periods).

Please note that the only time that voluntary re-certification will be allowed is when the Rolling Admissions is being conducted.

(a) Each service employee, laborer, or mechanic employed in the United States (the 50 States and the District of Columbia) in the performance of this contract by the prime Contractor or any subcontractor, regardless of any contractual relationship which may be alleged to exist between the Contractor and service employee, laborer, or mechanic, shall be paid not less than the applicable minimum wage under Executive Order 13658.
